## Drop off and Pick up:

1. If someone other than yourself and/or someone who is not listed on your pick up form will be picking up your child, please let someone in Admin know. We will need to know the name of the person and they will have to bring their ID to show Admin.
2. Parents, we ask that you try not to hold the door for someone to get back in the center, especially if you are unaware of who that person may be. Although, we understand that you are being courteous, Admin will let families through the door when needed. Thank you for your understanding.
