Information on Recalls, 2019

Fisher-Price recalled all models of their Rock 'n Play Sleepers because infant fatalities have occurred in them after the infants rolled from their back to their stomach or side while unrestrained, or under other circumstances.

Beaba recalls Babycook Neo Steam cooker/blenders. The glass bowl can break, posing a laceration hazard.

For more information on other recalls you can visit www.safekids.org

Highmark Walk for a Healthy Community is Saturday June 8th at the Blue Rocks Stadium. We have been participating in this walk to support Read Aloud Delaware. Read aloud Delaware is the organization that we have come to our school to read individually with our children. With our participation our school receives books upon the money we raise as well as the amount of participation we bring. We would love for our families to show their support as well.
