## Parents:

Thank you with your cooperation in picking your children up earlier than usual yesterday. This gave our teachers the opportunity to do a deep cleaning and disinfect everything in their classroom as we want to keep everyone as healthy as possible.

We have also put a hold on our outside people coming in to the building as a precaution to keep germs/sicknesses away until the corona virus subsides itself. We have rescheduled visitors for next week to come at a later date.

## Cards for Chef Jim:

Cards for Chef Jim are due today (3/13). If you still would like to send in a card for him, please do so by Monday (3/16) by the latest. His birthday is Tuesday.

Thank you to everyone that has brought one in...the homemade ones look great! He will be thrilled!

There is a hand sanitizer on Ms. Shelley's desk for all parents to use as you are entering the building. We have also ordered a hand sanitizer that will be attached to the wall near the computer where you clock in and out every day. We are just waiting for it to be delivered.

Handwashing is an easy, cheap, and effective way to prevent the spread of germs and keep kids and adults healthy. When your family is healthy, you don't have to worry about missing school, work, or other activities. **Click on the link below to read the attached article**
